

Terrell County, TX, in accordance with National Flood Insurance Program regulation 65.7(b)(1), hereby gives notice of the County's intent to revise the flood hazard information, generally located in the vicinity of Sanderson. Specifically, the flood hazard information shall be revised along Sanderson Creek from a point approximately 2,600 feet downstream of the Highway 90 creek crossing southeast of Sanderson to a point at the adjacent Highway 90 and Railroad creek crossing west of Sanderson, and along Threemile Draw from the confluence with Sanderson Creek to Flood Control Dam 7.

As a result of the revision, the floodway shall be established on Sanderson Creek approximately 1,500 feet downstream of Highway 90 near the southern terminus of Legion Street to a point approximately 6,200 feet upstream of the confluence of Threemile Draw and on Threemile Draw from the confluence with Sanderson Creek to a point approximately 350 feet downstream of Flood Control Dam 11, the 1% annual chance water-surface elevations shall be established on Sanderson Creek approximately 1,500 feet downstream of Highway 90 near the southern terminus of Legion Street to a point approximately 6,200 feet upstream of the confluence of Threemile Draw and on Threemile Draw from the confluence with Sanderson Creek to a point approximately 350 feet downstream of Flood Control Dam 11, and the 1% annual chance floodplain shall widen and narrow within the area of revision.

Maps and detailed analysis of the revision can be reviewed at the Terrell County Courthouse at 105 East Hackberry, Sanderson, TX 79848. **Interested persons may call Judge Santiago Flores at 432-345-2421 for additional information from 1/20/2014 to 1/31/2014.**
